

May 7, 2020

Updated message to our communities,

Bona Vista's Executive Leadership and Covid Emergency Response Team continue to meet on a weekly basis to develop an agency Return to Services Plan (RTS) that will guide us to safely and slowly resume services as we deem safe for the individuals in our programs. We have been providing support via tele-services for ten of fourteen programs, with Community Living and Residential Services being provided 24/7 by direct care staff throughout the Covid-19 pandemic.

I am proud and grateful for every Bona Vista staff member during this unprecedented time. Many factors have been and will continue to be considered as we create the RTS plan. Our organization quickly learned how to adapt to this ever-changing situation. This team is keeping the health and safety of persons served, staff, families, donors, other stakeholders and community partners as a priority while establishing "best practice" reopening protocols.

We hope to provide plan specifics and timeline information during the week of May 11th.

#CaringThroughCovid

Stay well,

Brianne Boles

CEO / President of Bona Vista Programs
